

To foster a collaborative environment that is safe, calming, nurturing and educational, where students develop active and creative minds.

Georgianna Lane-Hansen, Principal

June 23, 2020

Dear Parent/Guardian/Districts,

As you know, Ocean Academy has been following the COVID-19 guidelines, which have been provided to us by the State of New Jersey and County Agencies closely. The physical and emotional safety of our students, staff and families is our highest priority. At this time, we are preparing and planning for ESY to be provided through distance learning.

Ocean Academy will develop a Virtual Summer program with exciting, stimulating and challenging activities that will amaze many. My staff is in the process of developing their own events with great enthusiasm. Each day of ESY, there will be innovative, interactive lessons that will work for all students. The online activities will begin at 10:00 am. Each lesson will last approximately 30 minutes. Students will be responsible for the follow up activities of the daily events. This will not be your typical subject matter virtual work. There are live, fun filled exercises for all to enjoy.

Students, I am hoping to see all of you participate. Ocean Academy will be providing fun and thought-provoking activities to meet the needs of all of our students. Check you Gmail for weekly participating incentives. For example: One week you might receive "5 Sea Dollars" for logging in each day. Also, if your child receives related services, those services will continue as well. Please see enclosed Extended School Year weekly themes and share this information with your child.

If you should have any questions, please feel free to call 908-770-2829 or email me at glane@oceanmhs.org, or your student's counselor.

Sincerely,

A handwritten signature in black ink that reads "Georgianna Lane-Hansen".
