ABOUT THE BRIGHT HARBOR FOUNDATION

In October of 2023 the OceanCares Foundation became the Bright Harbor Foundation. This change is to better reflect what we do, which has always been to support our partner, Bright Harbor Healthcare.

The Bright Harbor Foundation supports the mission and programs of Bright Harbor Healthcare through building community awareness, facilitating community support, promoting diversity of services, and embracing innovation.

MISSION AND VISION

The mission of the Bright Harbor Foundation is to offer resources and opportunities not otherwise available for the individuals and families of Bright Harbor Healthcare.

HOW WE HELP

Every year the Bright Harbor Foundation provides support to the families and individuals of Bright Harbor Healthcare in many ways. Whether we are assisting innovative programs, a family in crisis, or a consumer with needs beyond treatment, the Bright Harbor Foundation helps to find a way to make it work.
